CAPRI HBB

The CAPRI HBB is the black box version of the renowned Hertz CAPRI marine source, delivering the same high-resolution audio performance and advanced features without an integrated display. Designed for seamless control via remote units, Bluetooth® app, or NMEA 2000®, it ensures full management of four independent zones with dedicated subwoofer outputs. Engineered to withstand harsh marine environments, the CAPRI HBB offers superior connectivity, including Bluetooth® 5.1, USB, digital inputs/outputs, and DAB+ readiness, for an audiophile-grade marine experience.
